EXPERIENCE

Insurerity Digital, Remote — Full Stack Developer

October 2020 - PRESENT

Working as a full stack developer, mostly engaged in the development of digital insurance solutions from concept to completion.

ELiTE Education, Remote — Full Stack Developer

July 2020 - October 2020

Worked as a full stack developer with colleagues to create a feature-rich student information system that integrated with Salesforce through an internally developed API.

Afiewura Housing, Remote — Full Stack Developer

December 2019 - September 2019

Developed and maintained the company's landing page and administrator panel which was used to monitor relevant data.

Freelance, Remote — Freelance Developer

November 2019 - PRESENT

Worked as a freelancer developing websites for small businesses, schools and individuals in my spare time.

IGNIS Technologies, Spintex — Software Engineering Intern

February 2020 - July 2020

Led a team of fellow interns in thoroughly developing an application that allows students to pay for campus shuttle trips using a cashless QR-based system.

ELiTE Education, McCarthy Hill — STEM R&D Intern

July 2019 - August 2019

Designed a curriculum that introduces students to web creation through the use of Google App Engine and Python/Flask. In addition, I also developed mobile lab kits based on Arduino to simulate science experiments for students in the classroom.
